

WELCOME!

WE THINK GLOBALLY

Brasfreight
Logistics

WHO WE ARE?

Our company starts its history in 2010, in the city of Santos, the largest port in Latin America, in Brazil. We start as NVOCC / Freight Forward, import and export by sea and air.

The company has grown over the years in other logistics businesses, logistics management such as road transport and customs clearance.

In 2017, we started a new phase in logistics projects, coordinating the supply chain, inventory, storage, distribution and special projects.

Currently Brasfreight operates solid and liquid bulk with its own brand, consolidating even more in the Brazilian and international logistics market.

SERVICES

Logistics is our focus.

Brasfreight
Logistics

- ✓ Air;
- ✓ Maritime;
- ✓ Customs clearance;
- ✓ Road;
- ✓ Bulk logistics;
